

please don't restrict

my natural knowledge!

I support the FDA's effort to fully implement DSHEA as intended by Congress. However, FDA's proposed rulemaking on structure/function claims, 21CFR Part 101/Docket #98N-0044, is unacceptable to me as an American consumer of dietary supplements. Any final rule must reflect the true meaning and intent, mandated by Congress, of the Dietary Supplement Health and Education Act (DSHEA).

☒ I believe it is extremely important to preserve Section 6 of DSHEA, which allows for a robust flow of valuable health information in the marketplace.

☒ I do not want FDA to limit my access to (scientific) information about dietary supplements and health.

☒ I do not want FDA to redefine disease, thereby restricting my ability to focus on preventive care and wellness.

Dear Dr. Friedman: I care about preventive health and wellness and I want information about vitamins and herbs because:
